**Place:** Sitem-Insel, Auditorium 02.211

**Credits:** SGNM & SGMO CME credits applied for

Please register using this [link](#) or QR code:

Dear Doctor,

Radioligand therapy (RLT) is becoming an important pillar of cancer care globally. To meet the need for widespread patient access to this therapy, there is a need to attract younger physicians to this area of medicine. Further, patient access in Switzerland will only be secured through strong multidisciplinary collaboration between oncologists and nuclear medicine physicians keeping up with the rapidly evolving clinical science. The objective of this event is therefore to train and connect young oncologists and nuclear medicine physicians interested in making RLT an essential pillar of oncology treatment.

Come and help us shape the future of cancer care in Switzerland!

We look forward to your attendance.

## **3 Travel Awards for Oncologists & Nucl Med Physicians – Apply now!**

This year we will be awarding three travel awards to attend the ASCO, ESMO and EANM conferences:

- ASCO 2026, April 29 – May 2, Chicago, USA – Nucl Med travel award
- EANM 2025, October 17-21, Vienna, Austria – Nucl Med travel award
- ESMO 2026, October 23-27, Madrid, Spain – Oncologist travel award
