

From AI to Clinical Decision-Making

An evening program for **oncologists** covering LLM fundamentals, ESMO context, real-world data, and hands-on prompting for medical applications.

Tuesday, 22 September 2026

18:00-21:15

25hours Hotel Zürich

Langstrasse 150

8004 Zürich

**3 CME Credits
SGMO & SSH**

Dear colleagues,

We are pleased to invite you to an interdisciplinary event exploring the growing role of artificial intelligence and Large Language Models (LLMs) in oncology and clinical practice.

Experts from various fields will share current developments, clinical perspectives and practical applications of AI in medicine. Interactive workshops will provide hands-on experience with prompting techniques, research tools and AI-supported medical solutions.

We look forward to welcoming you for an inspiring evening focused on innovation, collaboration and the future of AI in healthcare.

Best regards,

Chairs

Dr. med. Yannick Buccella
Stadtspital Zürich

Speakers

**Yassine
Taoudi-Benchekroun**
ETH Zurich

Dr. Louisa Hempel
USZ

Prof. Daniel Thrun
Uniklinikum RWTH Aachen

Evening schedule

18:00 – 18:05	Introduction	
18:05 – 18:20	Introduction to Large Language Models (LLMs): Fundamentals & Applications Dr. Louisa Hempel / Prof. Daniel Thrun	
18:20 – 18:35	ESMO Guidelines and Clinical Perspectives Dr. Louisa Hempel	
18:35 – 19:10	Current Developments in Real-World Data & Artificial Intelligence Prof. Daniel Thrun	
19:10 – 19:45	Interactive Workshop: Prompting Techniques for Medical Applications Yassine Taoudi-Benchekroun	
19:45 – 20:15	Networking Break (Apéro)	
20:15 – 21:10	Workshop Session A: Research-Summarizing Agent Yassine Taoudi-Benchekroun	Workshop Session B: Tumor Board Assistant (LLM) Yassine Taoudi-Benchekroun
21:10 – 21:15	Wrap-Up & Closing Discussion	
21:15	Networking & Dessert Reception
